

Care & Use Instructions: SPICE MILL

Storing Spices

- Cinnamon sticks and whole nutmeg can be stored for years in this dark, airtight container.

- Accessing the top container or storage area is simple. Hold the plunger in your hand and twist the top (unscrew) in a counter clockwise direction.

- Place spices in container.

- Replace top and turn in clockwise direction until snug.

To Use

- Add desired spice inside body.

- Insert plunger. While pushing down twist the plunger clockwise using light pressure.

Cleaning

- Remove the plunger and unscrew the top from the plunger. Rinse all parts in warm, soapy water. Make sure the unit is completely dry before reassembling.

Troubleshooting

Q: I'm turning and turning the plunger and no results are coming out.

A: You may need to apply a bit more pressure to the plunger.

Q: My cinnamon sticks don't fit in the container on top.

A: Your larger size sticks can be broken into smaller pieces to fit inside.

Note, 1/2 of the chamber is longer than the other - look to see if you have the cinnamon on the longer side. If you already have nutmeg inside, remove that, put in the cinnamon and then add the nutmeg.

Q: The plunger is stuck inside and I can't seem to pull it up or out.

A: Make sure both sides are level when pulling apart.
